## **CELEBRATING 50 YEARS IN STYLE**

---

The Mitchell brand recently celebrated 50 years of drilling operations with a gala event held at Howard Smith Wharves in Brisbane.

Over 170 guests attended, including current and former employees, clients, suppliers, government officials, investors, family and friends.

Pete and Nathan Mitchell shared some great old tales with the audience and detailed the defining moments for the organisation.

In what has been a turbulent few years for the industry, it was a fitting way to celebrate such a milestone.

We thank all our shareholders, clients and amazing team for their ongoing support.

Here's to another 50 years and spinning!
